

May 12, 1997 Meeting Members Present Richard Nault, Chris Blair, Howard Burns, Conrad Ohman, Raymond Tryon

7:00 Chair read the Notice of Public Hearing. <sup>Wellen Camp</sup> This project was approved previously and has expired. The project is a driveway. It has expired. There is a seasonal stream. There is only a small portion in the 100' buffer. It is 400' from Loon Brook. There is an existing culvert. There doesn't appear to be any impact on the Wetlands. Hearing closed at 7:11 p.m. The commission formulated the Order of Conditions.

7:30 p.m. Pedersen The project was presented by Mike Parsons. Has Board of Health approval. There will be a little fill on the downhill side. It is 60' to the wetlands. The pipe and the bed will be 75' from the wetlands. There is grass vegetation. The Silt fence needs to be perpendicular to the slope. They have to remove the top soil and subsoil (the top 15") then there is sand placed and then the material is replaced. The applicant must protect the resource area from run off of excavated material by placing a tarp over the material. Determination N3

8:00 p.m. Addition to the Library Building on the rear of the building. Closest point to the river is 65'. There will be a frost wall on three sides. There will be a conventional foundation. The roof run-off will be guttered. There is no practical alternatives. They must protect any exposed soil. Excavated materials should be removed from site. Note 5  
Determination N2

There was a discussion on cutting trees on the Duffy property  
Discussion on new members. Suggestions, David Dempsey. It was a suggestion to put it in the news that the Commission is in need of members. The Commission will accept the resignation of Eric Montgomery.

Meeting adjourned at 9:30
